SPORTS EYEWEAR

OUR MISSION

Empower athletes' performance with cutting-edge sports eyewear engineered for precision and endurance. Enhance focus, clarity, and protection in every pursuit.

Elevate the game with innovation, style, and uncompromising quality.

See the victory clearly.

Rooted in the rugged terrain of the Nordic countries, our brand draws inspiration from nature's raw beauty and the spirit of exploration. Crafted with Scandinavian precision and innovation, our products embody a heritage of resilience, functionality, and timeless design, empowering athletes to conquer any challenge.

HYDROPHOBIC

All 4KAAD Eyewear are treated with our premium Hydrophobic and Oleophobic treatments to ensure water, oil, and dirt bounce straight off your lenses. This treatment also introduces specific smudge-resistant qualities to our lenses while offering extra protection for Multi-Mirroring

HARD COAT FINISH

4KAAD puts a specialized anti-scratch coating on all performance and lifestyle lenses

100% UV 400 PROTECTION

100% Blocking all light rays up to 400NM, including both UVA and UVB rays.

A COLOR FOR EVERY CONDITION

Unique and specific finishes for every type of performance condition or style.

XC VISION lens

4KAAD Performance eyewear products are equipped with the latest lens technology to deliver precision lens sets and eyewear solutions to meet the highest optical standards. The materials and manufacturing techniques are selected and innovated to provide maximum safety and optimal visual clarity, even in the toughest conditions.

4KAAD SPORTS EYEWEAR

ntroducing our state-of-the-art sports eyewear, designed to elevate your performance in every season.

Whether you're conquering the slopes in winter or hitting the trails in summer, our eyewear ensures perfect vision and unparalleled clarity.

With a lightweight frame that feels barely there, you'll experience ultimate comfort and freedom of movement. Engineered for athletes who demand the best, our 4KAAD eyewear is your perfect companion for any adventure.

See the world with precision, no matter the weather conditions.

Visible Light Transmission

The category number equates to a percentage of the VLT [Visible Light Transmission] that is, how much light the lens lets through. The higher the VLT the lighter the lens, conversely the lower the VLT the darker the tint will be, blocking more light coming through to the eye.

Category 0	Category 1	Category 2	Category 3	Category 4
80-100%	43-80%	18-43%	8-18%	3-8%

PULSE ACTIVE COLLECTION
