

RENTAL ICE SKATES
RENTAL QUAD SKATE

MADE IN ITALY

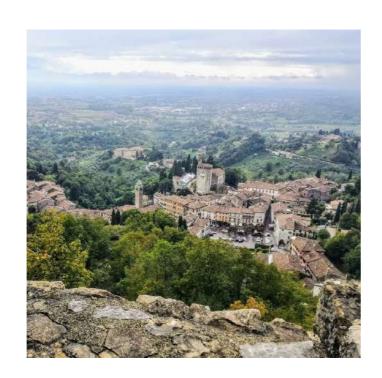

# **ABOUT US**

#### **STORY**

In 1980, the Rosato brothers began working together in a small workshop in Asolo, assembling ski boots for major brands in the Montebelluna area. As demand grew, they expanded their market, investing in production capabilities and diversifying their product range.

In 1992, La Rocca began producing ice skates and inline skates under the Roxa brand. Since then, Roxa products have gained worldwide recognition for their excellent value for money. Today, Roxa is a leading brand in ski boots, inline skates, and ice skates, thanks to hard work, passion, and extensive market experience.

Commitment to innovation, collaboration with top athletes, and the ability to reinvent make Roxa a leader in quality, reliability, and service. Authentic high-performance products, **Made in Italy.** 

#### **RESEARCH AND DEVELOPMENT**

Our Research and Development team consists of highly skilled professionals who work daily on product innovation. Collaborating closely with the sports community, they are dedicated to advancing construction technologies, materials, and design.

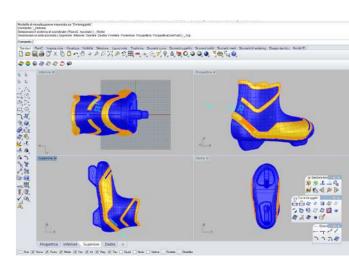

#### **OUR BUSINESS**

Our business strategy focuses on recruiting and investing in motivated individuals, supporting and encouraging their creativity to solve problems effectively and constructively. We are committed to engaging with the market, fostering communication and idea exchange with our partners, and developing customized products to meet every customer need.

#### **PRODUCTION**

We utilize advanced integrated computer systems, 3D CAD modeling, rapid prototyping with 3D printers (PLA/PLS/SLS), rendering, and on-demand customization. This approach enhances process efficiency and accelerates production timelines. Additionally, the skill, dexterity, and experience of our molding and assembly workers ensure **meticulous quality control** in every detail.

#### WAREHOUSE

Our warehouse maintains sufficient stock levels to ensure quick product delivery. With flexible and rapid logistics and production planning, we efficiently handle all types of orders, always striving to meet our customers' needs.
