A SPIRIT FROM THE NORDICS

Our mission is focused on the fusion of heritage and modernity, with tradition meeting our cutting-edge technology, where passion meets precision

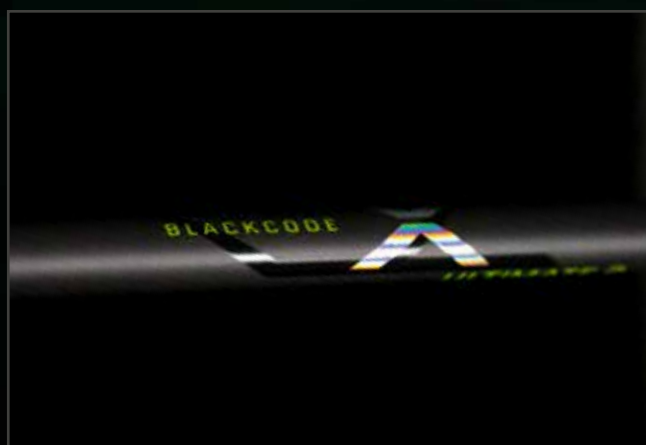

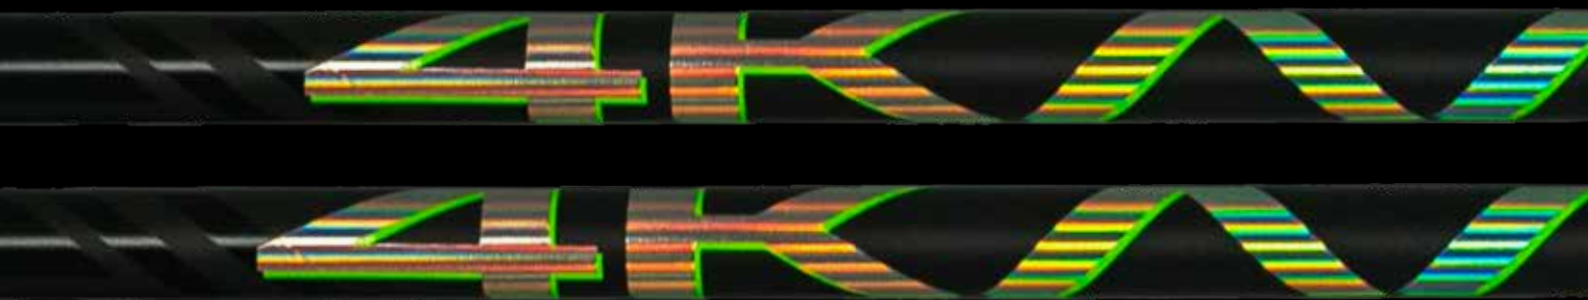

With 4KAAD, you don't only get equipment, you get an experience.

We thrive to be a trusted partner on your journey whilst fueling your passion and goals.

THERMOBELT PRO

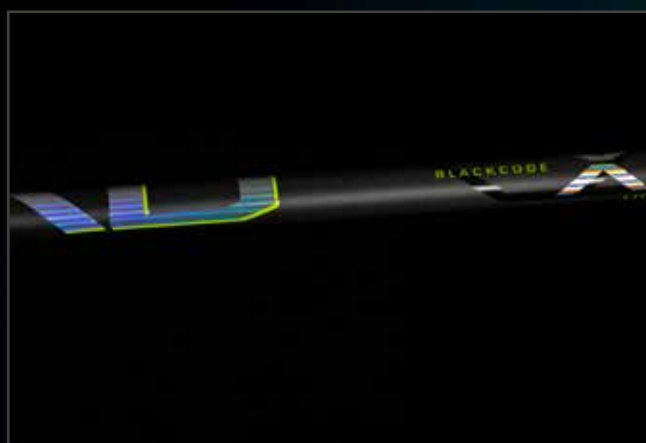

CARBON SHAFT

The super light shaft of the the BACKCODE X ULTIMATE 2 is produced in one of the most modern production for carbon products, using the best quality and strength of HML carbon fibers.

AV SKIN PRO

The new AV SKIN PRO is a pure performance ski pole strap with a durable 3-layer nylon construction. The strap fits like a second skin.

THE FINISHING PROCESS

The Blackcode X Ultimate has an outstanding finishing in print, details and quality. 4KAAD shafts are known as a benchmark in the carbon industry World wide.

4KAAD SPORTS EYEWEAR

Introducing our state-of-the-art sports eyewear, designed to elevate your performance in every season.

Whether you're conquering the slopes in winter or hitting the trails in summer, our eyewear ensures perfect vision and unparalleled clarity.

With a lightweight frame that feels barely there, you'll experience ultimate comfort and freedom of movement. Engineered for athletes who demand the best, our 4KAAD eyewear is your perfect companion for any adventure.

See the world with precision, no matter the weather conditions.

Visible Light Transmission

The category number equates to a percentage of the VLT [Visible Light Transmission] that is, how much light the lens lets through. The higher the VLT the lighter the lens, conversely the lower the VLT the darker the tint will be, blocking more light coming through to the eye.

Category 0	Category 1	Category 2	Category 3	Category 4
80-100%	43-80%	18-43%	8-18%	3-8%
