# DEAR HUMMEL PARTNERS

**WE WOULD LIKE TO INVITE YOU TO JOIN US  
ON A SPECIAL MISSION: LET'S WORK TOGETHER  
TO CHANGE THE WORLD THROUGH SPORT!**

As a brand with a long history in team sports, we know that the big accomplishments, the goals and the wins are never the work of just one player. It's the team that makes it happen. Every player has his or her unique strengths and qualities, but it's only as part of a team that the individual player can truly make a difference.

We are fortunate to have the best of the best as our team mates in the sporting goods industry:

- **The players and the clubs who have accepted our sponsorship and deliver their utmost on the football field, the handball court, and any other place where Sport meets Character.**
- **The vendors and retailers who offer our products to consumers and help us spread karma and the hummel® Heritage around the world.**
- **The dedicated and extremely professional suppliers who help us stay on top of our game and make 'Danishness' a value to be counted on.**

Together, we make a strong team - and strong teams achieve great things together. That is why we would like you to join us on our mission. We believe that by enabling more people around the world to be active in sport, we can make a positive impact. Within health, gender equality, children's rights, intercultural understanding, and many, many other areas.

We are proud to show you all the new products and concepts in this catalogue for 2017. But we would be even prouder if we could work together to change the world through sport.

**Thank you!**

*Søren Schriver*

# CHANGE THE WORLD THROUGH SPORT

## MOVEMENT. IMPACT. KARMA.

Our mission to Change the World through Sport (CTWTS) is the backbone of our company. The mission is the distillation of all our values and foundation of our company Karma strategy. It gives us a strong differentiation as a sports brand and improves the quality of life for people around the world, while securing growth for the company.

At hummel, we believe sport is more than a physical activity. For us it is a universal language with the power to eliminate differences in politics, culture, religion and beliefs.

As a company we know we can make a real change in the world by using sport to create understanding, respect and unity. Through unique partnerships, projects and activities we support and initiate projects, which help people, live out their passion for sport. From core projects in Afghanistan and Sierra Leone to projects and events around the world, we empower people through sport and give them a platform for stepping into character. In a cohesive world, we believe this can act as a boomerang of positive change for all.

## THIS IS WHAT WE CALL KARMA.

# THE HUMMEL BRAND HISTORY

1923

In the roaring twenties, the young shoemaker Albert Messmer came up with the idea of mounting cleats to the soles of football boots, making football players stand their ground in rainy weather on the muddy field. This changed the football game completely. Albert established a company to continue developing new and innovative sports equipment. After the small, chubby bumblebee, that isn't really supposed to be able to fly, the company was named hummel.

1950s

The visionary Bernhard Weckenbrock takes over the company in the fifties. He emphasizes the essentials of building a brand, having a unique personality that athletes can identify with. The chevron, then only a product feature, becomes an iconic brand mark on all hummel sport products. Through tenacity, creative happenings and pioneering sponsorships within handball and football, Weckenbrock establishes hummel firmly in the European sports-lifestyle industry.

1970s

hummel is introduced to the North European market and with well-designed collections; hummel becomes an instant hit — both within sports and fashion. With several strong and stand out sponsorships, here among the Danish National Football Team in 1979, hummel continues its history of unique sponsorships and now also focus on niche sports like boxing, tennis and swimming.

1980s

As the only sports brand of that era, hummel offers special designed sponsored sportswear for teams. This attracts some of the world's biggest football clubs and several of the greatest football nations in the world, including Real Madrid in Spain, Verona in Italy and Tottenham Hotspur in England. With its ironic mix of Scandinavian design aesthetic and colourful sportswear, hummel also sets the international standard for sports inspired fashion in the mid-eighties.

1990s

With Denmark surprisingly winning the European Championship in Football in 1992 and with powerful sponsorships of Real Madrid and Red Star Belgrade, hummel is globally seen as the contending underdog in the sport-lifestyle industry. However, growing too big too fast becomes a problem for hummel and the company changes its sponsorship strategy and focus on the underdogs, misfits and small clubs with character.

2000s

A wave of retro washes over the world. Inspired by past time and styles hummel re-introduces its classic collections and sneakers. This has a staggering effect on the brand's image and hummel enjoys the attention of the fashion world, and establishes itself as a trendsetting sports apparel brand with a unique set of values.

2010s

hummel has established itself as a quirky, Danish sportswear brand with a strong heritage. Continuing its focus on the underdogs and characterful misfits of the sports world, hummel translates its unique approach to sponsorships into a brand promise: Change the World through Sport (CTWTS). This becomes a guiding principle for all actions of hummel and becomes evident in all products, communication and signing of sponsorships like the national Afghanistan football team, Christiania and SC Freiburg.

# THE HUMMEL ZONE TECHNOLOGY

THE HUMMEL ZONE TECHNOLOGY IS CREATED THROUGH CLOSE COLLABORATION WITH TECHNICIANS AND PROFESSIONAL ATHLETES TO MAKE YOU COMFORTABLE AND PROTECTED DURING TRAINING. THE DIFFERENT ZONES ARE DESIGNED TO BOOST ATHLETIC FREEDOM OF MOVEMENT, BREATHABILITY AND PROVIDE DYNAMIC SUPPORT FOR MUSCLES IN OUR TEXTILES AND FOOTWEAR.

## COOL ZONE

— APPLIES TO TEXTILES

Using selected material and construction methods for increased breathability and thermal property management, hummel Cool Zone is designed to keep your body and feet cool and dry throughout the match.

## FLEX ZONE

— APPLIES TO TEXTILES & FOOTWEAR

Designed to provide ultimate flexibility within hummel apparel products thus enabling you to move freely. For footwear this zone is created to allow the shoe to flex naturally in the forefoot.

## DRY ZONE

— APPLIES TO TEXTILES

The hummel Dry Zone features functional outdoor apparel made exclusively from breathable and waterproof fabrics that are able to endure the most rigorous weather conditions. Perspiration is transported from the body out through the fibers of the fabric enabling the body to stay dry and comfortable.

## IMPACT ZONE

— APPLIES TO FOOTWEAR

The impact zone is a shock absorbing material injected into the midsole designed to maximize shock absorption. Ankles, knees and hip joints will benefit from a superior shock absorbing material placed in this key area of the outsole.

## FIT ZONE

— APPLIES TO TEXTILES & FOOTWEAR

Created through close collaboration with professional athletes and technicians, the unique Fit Zone supplies better comfort and performance for both hummel textile and footwear products.

## STABILITY ZONE

— APPLIES TO FOOTWEAR

Specifically designed for increased lateral stability and optimal traction.

## PIVOT ZONE

— APPLIES TO FOOTWEAR

Positioned on the ball of the foot to control the grip and maximize stability thus reducing the risk of injury, this zone will benefit the players by further enhancing their ability to pivot freely on court.

## GUARD ZONE

— APPLIES TO TEXTILES & FOOTWEAR

On footwear the guard zone is a specially designed zone which strengthens the toe box area of the shoe through a layer of high durability rubber. The design of the upper is done without stitches or seems in this all important area of the shoe which is normally prone to damage. On textiles the guard zone implies e.g. a thicker layer of padding on elbows.

## GRIP ZONE

— APPLIES TO TEXTILES & FOOTWEAR

Specifically designed for resin application on footwear, grip zone features extra durability, added stability and unique visual branding. On textiles a silicone print gives e.g. better ball control.

## POLYGIENE

— APPLIES TO TEXTILES

Based on natural silver salt, Polygiene effectively inhibits the growth of odor-causing bacteria and eliminates fungi that contribute to tinea infections, more commonly known as jock itch and athlete's foot while also prolonging the life of the product in question.

## DBU and the Danish National Football Teams

# UNITED IN RED AND WHITE

**DBU, THE DANISH FOOTBALL ASSOCIATION, HAS DEEP ROOTS IN DENMARK AND IN THE FOOTBALL CULTURE. THE ASSOCIATION IS ALSO A FOUNDING MEMBER OF BOTH FIFA AND UEFA.**

We all remember Denmark's fairy tale triumph at the European Championship in 1992 when the national team went on to beat Germany in a shock final win. No one expected the boys to take home the gold, but they did. And it's Denmark's greatest football moment to this day.

Throughout the years, DBU has seen many great players and achieved victorious moments in history. The shared heartfelt values of 'Danishness' and respect for the game are some of the reasons why hummel® signed the first sponsorship agreement with the Danish National Football Team in 1979. The same reasons apply today when hummel® resumes the partnership, with the shared mission of supporting the Danish National Football Team and uniting the Danes in the red and white colours. This sponsorship concerns no less than 15 Danish national teams.

hummel® owner and chairman, Christian Stadil is excited about the partnership, noting our long and proud history together: "The Danish National Football Team and DBU is already a part of our brand's DNA, so today feels like returning home. We believe that we, together, can create value and history for Denmark and the Danish fans - and that we can create positive change through football."

This ability to work with what they have, along with their embodiment of Danishness, make DBU a perfect fit with hummel® and our mission to 'change the world through sport'. It is an honour and a pleasure for us to once again be a part of "Danish Dynamite", as we were from 1979-2004.

# Mikkel Hansen

## THE WORLD'S BEST HANDBALL PLAYER IS MAKING A DIFFERENCE

**MIKKEL HANSEN IS CURRENTLY PLAYING IN PSG HANDBALL. HE WAS VOTED THE IHF WORLD PLAYER OF THE YEAR IN 2011 AND 2015 BY THE INTERNATIONAL HANDBALL FEDERATION.**

The past year has been a memorable one for Mikkel Hansen. In the summer of 2016, he was awarded Most Valuable Player in the Olympics after the Danish National Handball Team earned its first handball gold medal at the Olympic Games. And what a victory!

Mikkel Hansen is a world-renowned player with a track record of results and success, but the ambition doesn't stop there. The 29-year-old player leads by example through his charity project MH24 – Mikkel Against Bullying. His project comprises a handball camp for children with the purpose of fighting bullying, increasing tolerance as well as teaching children how to be a good friend and teammate.

With an ambition of using his popularity to do good, Mikkel has joined forces with several like-minded associations and organisations, including hummel®.

As a pioneer and unique character, Mikkel has the ability to really make a difference and is willing to do so. It's those qualities that make Mikkel Hansen and hummel® natural partners and why we support his mission to stand up against bullying for vulnerable children.

We have worked with Mikkel Hansen since 2013, as sponsors of the MH24 camps and suppliers of high-performance handball shoes, such as the iconic Omnicourt and Celestial models. We are excited and honoured to build on this partnership and eagerly look forward to defining the future together with the world's best handball player.

# TAKE CHARGE OF THE GAME

---

Control is everything. Without control, we are mere pawns on the field – and pawns don't decide who win or lose.

Authentic Charge is a new apparel collection designed to let you take charge of the game. Whether you're on the football field, on the handball

court, out training, or on the bench, Authentic Charge delivers the smart solutions to keep you in control.

You will find the design more streamlined, the fabrics more lightweight, and the functional details smarter than ever. Authentic Charge offers the

sum of every performance-enhancing feature you can think of.

With Authentic Charge, luck is no longer a factor. There is only control.

Paul Drux

# A TRUE FIGHTER

**GERMAN HANDBALL PLAYER PAUL DRUX IS A YOUNG STAR ON THE RISE. IN HIS EARLY TWENTIES, HE PLAYS ON THE GERMAN NATIONAL HANDBALL TEAM, ALSO KNOWN AS "THE BAD BOYS".**

BIRTH YEAR:  
**1995**

CLUB CREST

CLUB KIT

hummel® sponsorships focus on the unique: unique culture, values and individuals who dare to break the conventions to achieve their goals. Paul Drux is one of those individuals.

Paul picked up his first handball at the age of five and has since become an exceptionally talented and successful pro player. Now 21, he has enjoyed a remarkable ride up the handball ranks and into the Füchse Berlin and the German National Team. After a severe shoulder injury last summer, which took him out of the game for six months, Paul has fought his way back to the club and the German National Team.

Paul Drux, who made his breakthrough on the international stage at the world championships in Qatar in 2014, is modest about his success. Commenting on his partnership with hummel®, he says: „hummel® and I just fit together. The shoes that I wear every day fit perfectly, the products are just cool, and we rely on the same values. hummel® has accompanied me since the beginning of my professional career and I look forward to a long-term partnership.“

Paul Drux's words chime with what we believe in and it's our ambition to give him a platform where he can stay true to character.

# Brøndby IF

## 20 YEARS IN THE GAME TOGETHER

**THE DANISH FOOTBALL CLUB BRØNDBY IF IS BASED IN BRØNDBY, COPENHAGEN. THEY JOINED THE DANISH TOP FOOTBALL LEAGUE IN 1981.**

The year was 1991 and Brøndby IF had done the impossible with a win over AS Roma, qualifying as the first Danish club ever to play in the UEFA cup semi-finals. Fans were on their feet, cheering, electrified, as the Danish victory imprinted in every Brøndby fan's heart.

Brøndby IF stands out with its history, fan culture and strong characters. The Copenhagen club is one of the most decorated in Danish football, with an alumni of legendary players including Michael and Brian Laudrup, John Faxe Jensen, Ebbe Sand and Peter Schmeichel.

As a historic football club with global reach, Brøndby IF is the perfect partner for hummel®, which is why we are excited to re-ignite our partnership with them. During our first partnership from 1986-1996, the club won five Danish championships, two Cup titles and the semi-finals wearing the iconic hummel® chevron jerseys. With the new sponsorship agreement, hummel® and Brøndby IF are looking at a total of 20 years in the game together.

With the recent extension until 2022, this sponsorship is the largest Danish club collaboration we have ever signed. We're excited to once again be supplying kits and training gear for all Brøndby teams – from Alka Superliga-fighters to the younger generations in the club.

# SC Freiburg

## GERMANY'S UNDERDOGS

**IT'S TRUE THAT SC FREIBURG ISN'T REALLY ONE OF THE BIG, TRADITION-STEPPED FOOTBALL CLUBS. BUT PERHAPS THIS IS EXACTLY WHY THEY HAVE DISTINGUISHED THEMSELVES BEYOND ANY OTHER CLUB IN STANDING FOR A VERY WORTHY IDEA: DARE TO BE DIFFERENT!**

FOUNDING YEAR:  
**1904**

CREST

KIT

In 1993, the club was promoted to the top tier of the German football league, the Erste Bundesliga. Although this promotion was considered to be a one-hit wonder at the time and relegation was thought to be inevitable, SC Freiburg played in the top league in 16 of the past 22 years.

Being smart, identifying niches, making a virtue of necessity, and above all playing attractive, innovative combination football based on modern concepts: these are the hallmarks of SC Freiburg - not to mention the successful nurturing of young talent. The youth division has produced more licensed football players for the professional team than any other professional German club. Through its earnest and committed approach and maintaining extraordinary continuity in their concepts, even in critical times, the club has gained widespread credibility throughout Germany. This is also regularly reflected in top appeal ratings in surveys among spectators.

Another major contributory factor is the fan culture, which has grown over the years since the first promotion to the top league, which sets this club apart from the many older, tradition-stepped clubs through its open-mindedness and hospitality. Tolerance and respect for opponents, intense loyalty to the club, even during sport crises: these are the key strengths of SC Freiburg fans. In Freiburg, football serves to enhance the people's zest for life. This approach is in line with the overall attitude to life in a region that is famous for its fine weather, stunning landscape, good food and top wines, and especially for the art of enjoying it all. For many people in the region, SC Freiburg is a fixed part of their daily lives.

The club is a very exceptional and special organisation, because beyond its high level of professionalism, continuity and down-to-earth attitude, it has managed to maintain the innovative spirit and courage of the early years at the top level of the German league, as well as its authenticity. Bearing this in mind, it is hardly surprising that the first solar stadium in Germany was built in Freiburg.

Even in their most successful years on the pitch (they have participated in the European competition three times), SC Freiburg did not allow themselves to be sidetracked. Here, people remain aware of their origins, know what they can achieve, and more importantly: what can't be done.

# Deportivo Alavés

## RETURN OF THE FORGOTTEN BASQUES

**THE SPANISH FOOTBALL CLUB DEPORTIVO ALAVÉS CLAWED THEIR WAY BACK UP THE SPANISH FOOTBALL PYRAMID TO BE ONE OF THE FINALISTS IN THE 2001 UEFA CUP FINAL.**

FOUNDING YEAR:  
**1921**

CREST

KIT

In the northern part of Spain lies the Basque country, which is home territory for Deportivo Alavés. This misty land of green hills, rugged coastline and colourful fishing villages has a strong cultural tradition, and Deportivo Alavés find pride in bringing glory not only to the club but also to their home. They believe that the identity of their club and their values are built on the character of their land.

The Spanish underdogs have a few setbacks under their belts. But with crowds chanting 'Bravo equipo albi azul', the players of Deportivo Alavés stand taller than ever, always showing immense respect and humility for the game.

In 1998, Deportivo Alavés surprised everyone with a win over Rayo Vallecano, winning promotion to La Liga, 42 years after they'd last been there. Then again in 2001, they took Europe by storm as they reached the final of the UEFA Cup, a final that would be remembered as one of the greatest of all time. Europe never saw them coming.

This is one of the many reasons why we are pleased to have this partnership with Deportivo Alavés and look forward to seeing their players represent our brand. It is an honour for hummel® to sponsor a club that has proven that with the right amount of passion, it is possible to withstand all kinds of hardships.

hummel®

## HANDBALLS

To score the winning goal, your team needs a handball with the perfect balance between bounce and grip. hummel® offers a strong range of quality handballs, from high-performance match and training balls to training balls for children.

<b>STORM</b> 	<b>1,4</b> 		WOVEN POLY/COTTON		0,3 BAR

## DESCRIPTION OF HANDBALL SPECIFICATIONS

All handballs are hand-stitched and made from the synthetic material 'PU' (Polyurethane).

The 'MF' sign shows that the PU uses microfiber backing which makes the material extra soft.

This number shows the thickness of the PU material in millimeters. The thicker the PU material, the softer the touch of the ball is.

Specially developed, light and soft air-cushion which gives the ball extra softness and a good bounce.

Latex bladder with our specially developed Air-Trap valve which makes the ball retain air for longer.

The ball is not suitable for resin.

# HANDBALL INFLATION GUIDE

## PREPARATION

During wintertime, we suggest to store the handballs at room temperature (20 – 25°C) for minimum 24 hours before the first inflation in order to secure optimal softness, shape and grip.

## VALVE OIL

Drip 1 – 2 drops of hummel valve oil into the valve.  
It is important that valve-oil is used at every inflation as it makes the valve seal properly.

## INFLATE

Position the valve upwards and insert the inflation needle straight into the valve. Always use a long pump needle to ensure the needle does not damage the valve or the bladder.

## CHECK PRESSURE

- Inflate the ball to the recommended pressure.
- Recommended pressure is printed on the ball near the valve.
- Inflate slowly to allow the ball to gain its correct shape. Rapid inflation can damage the bladder.
- Use a pressure gauge to check the pressure of the ball.

# HANDBALL MAINTENANCE GUIDE

## BEFORE EACH INFLATION

Always drip 1 – 2 drops of hummel valve oil into the valve before inflation to ensure that it seals properly.

## STORAGE

Store the handball in a ventilated room at 20 – 25°C.

# WEIGHT AND CIRCUMFERENCE OF HANDBALLS

SIZE	CIRCUMFERENCE	WEIGHT	RECOMMENDED PRESSURE (BAR)
3	58–60 cm	425–435 g	0,3
2	54–56 cm	325–335 g	0,3

<b>ENERGIZER*</b>		WOVEN POLY		0,6 BAR
<b>FUTSAL</b>		WOVEN POLY/ COTTON	<b>SPECIAL FUTSAL BUTYLE BLADDER</b>	0,6 BAR

## DESCRIPTION OF FOOTBALL SPECIFICATIONS

PU: The footballs are hand-stitched and made from the synthetic material 'PU' (Polyurethane).

\*The Street balls are machine stitched

The 'MF' sign shows that the PU uses microfiber backing which makes the material extra soft

The ball contains foam which gives it a soft touch. The number after the + shows how many mm. foam the ball contains

This number shows the thickness of the PU material in millimeters. The thicker the PU material, the softer the touch of the ball is

Specially developed AirTrap bladder which makes the ball retain air for longer

Specially developed, light and soft air-cushion which makes the football very responsive

# FOOTBALL INFLATION GUIDE

## PREPARATION

During wintertime we suggest to store the footballs at room temperature (20 – 25°C) for minimum 24 hours before the first inflation in order to secure optimal softness and shape.

Unfold the football with both hands and shake the bladder free.

## VALVE OIL

Drip 1 – 2 drops of hummel valve oil into the valve. It is important that valve-oil is used at every inflation as it makes the valve seal properly.

## INFLATE

Position the valve upwards and insert the inflation needle straight into the valve.  
Always use a long pump needle to ensure the needle does not damage the valve or the bladder.

## CHECK PRESSURE

- Inflate the ball to the recommended pressure.
- Recommended pressure is printed on the ball near the valve.
- Inflate slowly to allow the ball to gain its correct shape. Rapid inflation can damage the bladder.
- Use a pressure gauge to check the pressure of the ball.

# FOOTBALL MAINTENANCE GUIDE

## BEFORE EACH INFLATION

Always drip 1 – 2 drops of hummel valve oil into the valve before inflation to ensure that it seals properly.

## STORAGE

Store the ball at reduced pressure in a dry ventilated room at 20 – 25°C.

## CLEANING AND DRYING

After use clean the football in mild soapy water and rinse with water. Then wipe the ball off with a towel and let it fully dry in a dry, airy place at 20 – 25°C.

Never dry the ball on or near a heating device.

# WEIGHT AND CIRCUMFERENCE OF FOOTBALLS

FOOTBALL	SIZE	CIRCUMFERENCE	WEIGHT	RECOMMENDED PRESSURE (BAR)
<b>BLADE</b>	5	68,5 – 69,5 cm	420 – 445 g	0,8 – 1,0

# AFF and the Afghanistan National Football Teams

## CHANGING THE WORLD THROUGH SPORT

**THE AFGHANISTAN NATIONAL FOOTBALL TEAM IS KNOWN AS THE LIONS OF KHORASAN. THEY BROKE INTO THE TOP 150 ON FIFA'S GLOBAL RANKINGS AND WON THE 2013 SAFF CHAMPIONSHIP.**

FOUNDING YEAR:  
**1922**

CREST

KIT

For many years, women in Afghanistan were not allowed to play outdoor football. Under the former Taliban regime, they were banned from playing and many of the players faced public harassment, family pressure and security concerns – even death threats - after joining the team. War and political conflict have ravaged Afghanistan for decades, but with the National Football Team on the rise, the country is rewriting its history.

The Afghanistan Men's and Women's National Teams have stood strong and it has not gone unnoticed. The men's team won their first international football trophy after beating India in the 2013 SAFF Championship. Shortly after, they were awarded the 2013 FIFA Fair Play Award in recognition of their courage and perseverance.

At hummel®, we have also noticed the strength and immense teamwork that characterises 'The Lions of Khorasan' and we are proud to call ourselves their sponsor. hummel® has supported the Afghanistan Football Federation (AFF) since 2010, and the hope is that this sponsorship will enable us to truly live out our mission to 'Change the World Through Sport'. In this regard, we recently launched an Afghanistan women's kit with an optional hijab.

The former captain of the Afghan women's team is Khalida Popal, an influential figure in enabling the sport to be used as a tool of empowerment for women across the country. Commenting on the partnership between hummel and the Afghan Lions, she said: "I think the Afghanistan women's team shows the huge potential football has as a unifying force. I like to think that we have given a lot of women in our country new hope."

Currently, the number of men and women registered and involved in football in Afghanistan amounts to over 10,000 people, and football is increasingly known as a sport that brings peace, unity and happiness to their society.

# HUMMEL SPONSORSHIPS

To sponsor players and athletes is a privilege. Just as a club jersey is more than a piece of clothing, sport is more than a game. It's about passion, dedication and belief.

This season, hummel® has once again chosen to sponsor a series of national teams, clubs and individual athletes. Our sponsorship focuses on uniqueness: unique culture, values and individuals who dare to break conventions in order to reach their goals. We also look for the underdogs: those who might not be at the top of the league, but where the soul, legacy and dreams are sometimes even bigger.

Because for us it is about more than just providing quality team sport gear and equipment. It's about showing our belief in each and every player, team and fan. For these reasons, and many more, these are the teams, clubs and individual athletes whom we have chosen to help step into character.
